Dear Mr. Gilliland,

On behalf of myself and the Houston Automobile Dealers Association, I want to thank you for the superb presentation you gave Tuesday at our Installation Luncheon. Our attendees were extremely pleased with your presentation and raved about your message - encouraging us to be engaged in every moment of our lives and "Enjoy the Ride"!

I have included a few comments from the attendees:

"Steve's message has encouraged me to put my priorities in perspective. Thanks for helping me get 2010 off to a good start."

"No question about it...Mr. Gilliland is the best speaker we have ever had speak to our group."

Again, thank you for the uplifting message to our dealer and associate members. HADA certainly was honored to have you speak and I would be delighted to serve as a reference for future speaking engagements.

Sincerely,

Wyatt Wainwright
President
