Dedicated to the improvement of teaching and learning through the use of computer technology

Dear Steve,

The weather here in Austin is perfect as always, just like it was at the TCEA Convention and Exposition. I hope this missive finds you well.

Your closing session talk at the TCEA Convention was a great way for us to end the Convention. We always like to end on an upbeat, motivational note and you hit the mark perfectly. Calling your talk a success would be an understatement since the 1500 or so people in the audience gave you a standing ovation. As educators, they are constantly bombarded from all sides and it is easy for them to become jaded. You should be proud of the fact that you were able to reach them and give them some ideas and thoughts to mull over. We have received nothing but compliments on your performance.

Keep enjoying life and sharing the wisdom. Growing up, I was a comic book fanatic and I have now added "SPEAKERMAN" to my list of super heroes.

Thanks again,

Ron Cravey
Executive Director
Texas Computer Education Association
